*Uniting basic,
translational and
clinical research
and practice*

BSA CONFERENCE

2010

In 2010 BSA will be celebrating the breadth of hearing research in the UK by combining the Experimental and Clinical Short Papers meetings with the BSA Annual Conference.

Don't miss this opportunity to attend a combined meeting providing fantastic extra value for money for those who would normally attend one of the individual meetings.

Distinguished Speakers

Two days of varied programme with expert speakers that includes contributed and invited papers across the full range of science, of interest to both professionals and researchers in hearing science. Eminent international keynote speakers including Professor Thomas Lenarz from MHH in Hannover on 'Innovations in Hearing Technology.' The Ted Evans lecture will be given by Professor Anu Sharma from the University of Colorado and a twilight lecture at Manchester Museum to be given by Professor Brian Moore, FRS, from the University of Cambridge.

Broad Range of Topics

Sessions will focus on clinical and basic-science topics as well as translational subjects that will interest all delegates. A range of contributed and invited presentations in sessions themed on topics including translating basic research into clinical benefit, balance research, paediatric audiology, educational outcomes, hearing device innovations, innovations in diagnosis and basic and translational research.

Posters and Exhibition

The poster sessions will be a key part to the proceedings, with plenty of time to discuss your research and network with peers. To submit a poster abstract, please see the BSA website www.thebsa.org.uk under 'Events and Meetings'. There will be ample opportunity to discuss the real-world relevance of your research with clinicians, industry and charity representatives.

Breakout Sessions with Premier Exhibitors

We are delighted to have Oticon, Phonak, Starkey and Widex as our Premier Exhibitors. Separate areas will be available for delegates to enjoy breakout sessions with these special exhibitors throughout the conference.

Clinical Workshops

A range of interesting and practical clinical workshops on topics including frequency-specific ABRs; clinical and research applications of auditory steady-state responses; basic counselling skills for audiologists and research for dummies.

Superb Location

The BSA Annual Conference 2010 will be hosted at The University of Manchester in the new on-campus conference facilities featuring a state of the art auditorium and a purpose built area for exhibition, posters and refreshments. Onsite accommodation is readily available with car parking facilities.

We Want Your Work!

We invite you to submit an abstract for a poster or oral presentation. Please see the BSA website for details on how to submit an abstract (www.thebsa.org.uk under 'Events and Meetings'). There will be four poster prizes: one each for clinical, translational, basic research and best student poster. Abstracts will be published in the International Journal of Audiology.

Agenda

Wednesday 8th September

Clinical workshops, Exhibition, 'Drinks with Dinosaurs' at Manchester Museum, with twilight lecture by Professor Brian Moore, FRS.

Thursday 9th September

Oral presentations, exhibition and posters. Premier Breakout sessions. Annual General Meeting. Conference dinner at Old Trafford Football Club.

Friday 10th September

Oral presentations, exhibition and posters. Premier Breakout sessions. Debates and controversies in Audiology. Presentation of prizes.

For a full programme please visit www.thebsa.org.uk under 'Events and Meetings'.

Registration Fee

£69 full members
£59 student members
£79 non-members

In order to cover costs, BSA reserve the right to increase fee once registration numbers exceed 350.

Terms and Conditions

1. Anyone wishing to attend a Society meeting or conference must first complete a registration form in respect of that meeting and have received written confirmation of their registration from the Society's Secretariat prior to attending. If intent to attend a meeting is given by telephone or other means, this must be followed by a completed registration form. 2. The registration form should be accompanied by payment in full. Delegates who expect a Health Authority, Trust or other employer or organisation to pay must arrange for that organisation's cheque (or official Order Number and invoice address) to accompany the registration form. 3. Where that is not possible for any reason, the delegate must submit a personal cheque and seek subsequent re-imbursment from the employer. 4. Cheques will be retained by the Secretariat and only banked ONE MONTH PRIOR to the meeting. 5. Provisional bookings CANNOT be accepted. Confirmation will normally be sent to delegates upon receipt of the registration form. 6. If confirmation is not received at this time, it is the responsibility of the delegate to obtain confirmation. 7. A receipted invoice will be sent out prior to the meeting. 8. In order to assist meeting organisers, delegates are requested to register as early as possible. 9. Late registrations will normally be accepted if space is available, but may be subject to an additional charge. 10. If a delegate is unable to attend a meeting, a refund may be granted at the discretion of the Society's Trustees. 11. The amount of any refund will depend upon the unrecoverable expenses incurred by the Society. 12. These will vary depending on the venue and, usually, on the amount of notice of cancellation given to the Society by the delegate. 13. Requests for refunds, stating the reason why the delegate is/was unable to attend, must be sent to the Secretariat in writing within seven days of the meeting. 14. The Trustees' decision shall be final. 15. Where meetings are subject to CPD points, Certificates of Attendance will be issued at the end of the meeting. 16. These revised Terms and Conditions supersede all previous Terms and Conditions. 17. Although care has been taken in preparing course content, the British Society of Audiology does not and cannot guarantee its interpretation and/or application. The BSA cannot be held responsible for any errors or omissions and accepts no liability whatsoever for any loss or damage howsoever arising. 18. Opinions expressed are those of the speaker(s) and do not necessarily represent the views of the BSA.
